# VIEW Conference Hosts Animation Directors Jorge Gutierrez and Kris Pearn in a Virtual PreVIEW Conversation

Animation directors Jorge R. Gutierrez ("The Book of Life") and Kris Pearn ("The Willoughbys") will discuss their craft in the VIEW Conference's second free PreVIEW online event Saturday, July 11, at 10 a.m. PT.

Gutierrez, who is currently working on the Netflix animated series "Maya and the Three," and Pearn, whose hit animated feature "The Willoughbys" premiered on Netflix earlier this year, will talk about the way each of them approaches developing and directing an animated film.

Gutierrez won a character design Annie Award for 2014's "Book of Life," which was also nominated for a Golden Globe. He's won Annie and Emmy awards for the Nickelodeon series "El Tigre: The Adventures of Manny Rivera," which he created

with his wife, Sandra Equihua. In addition to "Maya and the Three," Gutierrez is developing a number of other projects for Netflix Animation.

In addition to writing and directing "The Willoughbys," Pearn directed "Cloudy With a Chance of Meatballs 2" and was a storyboard artist on "Arthur Christmas," "Open Season," "Shaun the Sheep Movie," "Home," "Solo: A Star Wars Story" and "Surf's Up," among other films.
